

CHRISTMAS DECORATION COMPETITION 2021

We have recently taken delivery of our Christmas tree which has been donated to school by Mole Valley Farmers, Penzance. Once again we will be running a Christmas decoration competition.

We are asking the children to make **hanging decorations** for the Christmas tree that will be on display in our reception area.

The decoration can be made from any materials but we must stress that it will need to hang on the tree and therefore **must be quite light** but strong enough to withstand the odd bump or fall!

Please try to make your decoration fun, Christmassy and eye catching! You could use small pine cones, tissue paper, paints, colouring pens, cotton wool ... you decide! When you have decorated your masterpiece, make a small hole for your hanging string/ribbon. Please complete the slip below with your name and year written on it and attach it to your decoration.

- **Please also ensure that the decoration is no bigger than 12cm x 12cm.** Although it can be two or three dimensional.
- **We are asking that all decorations be brought in to school between now and Monday 6th December** as this is when we will be judging the decorations and putting them on the tree.
- **All decorations MUST be brought in to school in some kind of container** (bag, envelope, container/small box - named for safe return, etc)

We look forward to seeing all of your wonderful creations. There will be a prize for each girl and boy winner in every year group!
